
High School Placement 2017

High School Expression of Interest Forms will be distributed to students before Monday 8th March. These forms must be completed by all families and returned to school, regardless of your choice of High School. (This will ensure that we enter the correct information for your child when we enter individual data online).

Please Note – Our designated local high school, Section B is The Forest High School, unless you live out of area. (Please do not change this on your form) A map is attached below for you to see The Forest H.S. catchment area. For students living outside the boundary marked, your local designated high school may be Northern Beaches Secondary College, Cromer Campus. If unsure, please check with your child’s teacher.

If you wish to apply for a general placement at Mackellar, Balgowlah Boys, Mosman or any other local government school, you must complete Section C and give your reasons. Applications for specialist programs at these schools are treated separately and do not need to be requested or addressed on this form.

If you have already applied for placement at a Selective High School (Manly etc.) you should tick Section D as well.

If you are not seeking placement in a NSW government school for 2017, you should complete Section E. Apart from Section A, this may be the only other section that you complete.

Details for completing the form are provided but if you are in any doubt, please contact Bev Wetzler.

All forms must be returned to school on or before Friday 18th March 2016

Regards,

Stage 3 teachers
Map indicating the boundary for The Forest High School. If you live within this boundary then **The Forest High School is your designated local high school!**

You will need to apply for any other placement in the correct section (C or E) on the form.
